Obituary

On Saturday, December 14, 2019, at 7:00am, Brian Randell Shepherd, a loving, Son, Father, Uncle, and Brother, passed away due to a tragic car accident that led to his death.

Brian was born December 27, 1990 in Apple Valley, California to his parents Richard Shepherd and Daisy Pepper. Brian was a hardworking, loving and caring young man that spent his life throughout California. He loved his family and friends like no other, but he loved his pitbull named bullet the most! He loved to work on Chevy Camaros but he also loved to race the hell out of them too! He loved to prank, joke, and trick people but he would also give his last dollar to the one who needed it most.

He is survived by his parents Richard Shepherd and Daisy Pepper, His siblings, Eric, Justine, Stephanie and his only son Noah Brian Randell Walker.

The family is comforted to know that he's in a better place that's filled with love, laughter and familiar faces. He will be forever missed dearly!

“ I thought of you yesterday, today, and I know I will think of you tomorrow as well. I miss you so much and wish I could have just one more... I will always keep your memory alive, laugh, make jokes, and possibly even cry for you here and there. I will always look for you in places and see you in my dreams! I cherish the moments we had together and will forever hold you dear to my heart! Just know I will do my best to make you proud! Forever loving and missing you always, Stephanie
